## HR

Vransko jezero je najveće prirodno jezero u Hrvatskoj i jedno od rijetkih i gotovo netaknutih prirodnih staništa ptica vodarica. Iako ga ova staza ne okružuje, dio kojim prolazi sasvim sigurno će vam pružiti kompletnu sliku ovog prirodnog fenomena. Uz doslovno samo jedan uspon, ova lagana staza preporučuje se MTB vozačima osnovne kondicijske pripremljenosti, koji mogu svladati umjereno zahtjevan teren u vidu grubljeg makadama.

## HR

Ova ruta doslovno predstavlja obilazak Vranskog jezera u cijelosti. Posebice će u njemu uživati MTB i trekking vozači kojima će vožnja poslužiti za umjereni trening ili vožnju makadamskom cestom uz konstantni pogled na Vransko jezero. Prolazak pokraj ornitološkog rezervata sa 102 vrste ptica, koji spada među ornitološki najvrijednija područja u Hrvatskoj, može biti samo dodatni poticaj. Napomenimo kako manji dio staze (3 km) vodi po glavnoj magistralnoj cesti te je potreban dodatan oprez.

## EN

Vransko Lake is the largest natural lake in Croatia and one of the rare and untouched natural habitats of water birds. Although this trail does not surround it, it will surely give you a complete picture of this natural phenomenon. With only one ascent, this easy trail is recommended for MTB riders in basic physical condition who can master moderately demanding terrain with rougher macadam.

## EN

This trail surrounds the Vransko Lake completely. It will be especially enjoyed by MTB and trekking riders who are looking for a moderate training or a macadam ride with a constant view of the Vransko Lake. An extra motive on this trail is the Ornithological Reserve, one of the most valuable areas in Croatia, inhabited by 102 types of birds. A smaller part of the trail (3 km) is on the main road so you should be more careful.
